In re: Structural Pest Control Board

Regulatory Action:

Title 16, California Code of Regulations

Adopt sections: Amend sections: 1970 Repeal sections: NOTICE OF APPROVAL OF REGULATORY ACTION

Government Code Section 11349.3

OAL Matter Number: 2024-0725-01

OAL Matter Type: Regular (S)

This rulemaking action by the Structural Pest Control Board amends the existing Standards and Recording Requirements regulation under California Code of Regulations Title 16 section 1970 by relocating the required information for Fumigation Logs into a new Standard Structural Fumigation Log (Form number 43M-47, Rev. 6/2023) which is incorporated by reference. Additionally, this action amends the required structural pest control application report information to align with the minimum federal standards set forth in 40 C.F.R. 171.303(b)(7)(vi).

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 10/1/2024.

Date: August 21, 2024

California Code of Regulations Title 16. Professional and Vocational Regulations Division 19. Structural Pest Control Board

ORDER OF ADOPTION

Amend section 1970 of Division 19 of Title 16 of the California Code of Regulations to read as follows:

§ 1970. Standards and Record Requirements.

(a) For the purpose of maintaining proper standards of safety and the establishment of responsibility in handling the dangerous gases used in fumigation and the pesticides used in other pest control operations, a registered company shall compile and retain for a period of at least three years, a <u>Standard Structural Fumigation Log (Form number 43M-47, Rev. 6/2023), hereby incorporated by reference, log-for each fumigation job and a report, as defined in subsection (b), for each <u>structural pest</u> <u>control application</u> pesticide control operation in which a pesticide is used by the registered company or the registered company's employee. If the fumigation is to be performed by a fumigation subcontractor, the subcontractor shall complete the fumigation log and forward a copy of the log to the primary contractor within ten business days.</u>

(a) The log (See Form 43M-47 (Rev. 5/07) at the end of this section) for each fumigation job shall contain the following information:

Name, address and company registration certificate number of prime contractor. Name, address and company registration certificate number of subcontractor, if any.

Address of property.

Date of fumigation.

Name and address of owner or his or her agent.

Date and hour fire department was notified pursuant to Business and Professions Code section 8505.5.

Date and hour county agricultural commissioner was notified and method of notification, where required.

Property description including type of structure as to details of roofing, walls, and the presence of construction elements, conduits, drains, air ducts, or vacuum systems that could allow the passage of fumigant from the structure to be fumigated to any adjacent or adjoining structure(s), thereby connecting them, and method(s) used to prevent passage of the fumigant.

Type of sealing method used.

Weather conditions as to temperature and wind.

Date and hour fumigant introduced.

Cylinder number of each fumigant used.

Weight of each fumigant cylinder before introduction of gas.

Pounds of fumigant used from each cylinder.

Total pounds of fumigant used.

List of any extraordinary safety precautions taken.

Name, signature and license number of operator or field representative releasing fumigant.

First name and surname of crew when fumigant was released, when aeration commenced and when the property was released for occupancy.

Indication of whether or not safety equipment was available at the fumigation site at the time the fumigant was introduced, when ventilation commenced and when the property was released for occupancy.

Date and hour aeration commenced.

Conditions of tarp and seal.

Name, signature and license number of operator or field representative commencing ventilation.

Type of device(s) used to test for re-entry.

Date and hour ready for occupancy.

Name, signature and license number of operator or field representative releasing property for occupancy.

Method used to calculate amount of fumigant used.

Factors used in calculation of fumigant.

Special notes or comments pertinent to fumigation.

(b) The report for each <u>structural pest</u> control operationapplication, other than fumigation, in which a pesticide is used shall contain the following information:

(1) Date and time of application treatment.

(2) Name of owner or his or hertheir agent.

(3) Address of property.

(4) Description of area(s) treated.

(5) Target pest(s).

(6) Pesticide product name, including U.S. Environmental Protection Agency or CA registration number on the pesticide label and amount used. (7) Identity and license number of the certified commercial applicator(s)person or persons who applied or supervised the application(s) of restricted material(s) by the noncertified commercial applicator(s), and, if applicable, the identity and license number of the noncertified commercial applicator(s) who applied the pesticide(s).

(c) The term "fraudulent act" as used in Section 8642 includes but is not limited to the falsification of any records pertaining to fumigation jobs or other pest control operations in which a pesticide other than a fumigant is used.
